The screenshot displays the IBM Watson Assistant web interface. The main content area is titled 'Actions' and contains a table of actions created by the user. The table has three columns: 'Name', 'Last edited', and 'Status'. There are five actions listed, all of which were last edited '3 hours ago' and have a 'Success' status. The actions are: 'Confirm an appointment', 'Hobbies', 'Thank you!', 'Just looking!', and 'Access customer records'. A 'New action' button is visible in the top right corner of the table. The left sidebar shows navigation options: 'Actions' (selected), 'Variables', and 'Saved responses'. The bottom of the browser window shows the Windows taskbar with the time 03:07 PM on 31-10-2022.
